LA STRADA DI TUTTI

- THE ROAD IS EVERYONE'S -

To all citizens and to all drivers.

We would like to draw your attention to a problem that concerns not only Rosarno, but the whole of Calabria and Italy too. As you already know, Rosarno's roads are not in good conditions: they are uneven, unlit, and completely unequipped with pavements and cycle routes.

Such road conditions DO NOT represent the norm and foster, together with drivers' bad behaviour, situations of danger and (sometimes deadly) accidents. All the more, we demand that more attention be paid, by you, the drivers, as much as by us, pedestrians and cyclists, since we are all human beings, citizens and road users, and because **THE ROAD IS EVERYONE'S.**

WE WOULD LIKE ROSARNO TO BECOME A TOWN WERE EVERYONE CAN CIRCULATE WITHOUT FEAR.

LET'S WALK TOGHETER FOR STREET SAFETY!
