When it comes to shoes trend in recent years, one of which is true of retro retro again, it is what we call again for processing on the basis of the retro shoes, make the shoes from the original shoes Retro sneakers itself to a more retro texture is also, at this point considered a pioneer in NIKE.

We continue to launch this years Nike shoes you can see this, slightly yellowed with suede soles, or do the old sense of the folds of leather and other materials are so retro feel of the shoes significantly enhanced, but today SB let me see this double to deep suspicion, which in the end is a new pair of shoes or old shoes.

I remember to have a similar color as the non-SB series DUNK, after wearing oxidation 6, 7 years later, in fact, the sole of this shoe style, and is the same, completely yellow out, rather than Simple yellowing it, so I have reason to those contacts soon sneakers, or itself before pursuing this retro feel of the shoes you recommend this trafficking double than others have to do the old style but also a sense of history this pair of shoes.
