Midfield maestro Iniesta talk CTR360III Maestri 2013-12-08 22:20:16

Nike: Your style is free to play the main game, or the outcome of efforts to train and prepare?  
;

INIESTA: Before the game I will try to imagine the situation they may encounter: opponents in midfield I am responsible for what happens to the heart, the whole game would be like and so on. I will try to control the game. But by the part of the game it is intuition and improvisation, because football is not mathematics. Almost every action needs to improvise; you can study very carefully the opponent, but in the real game, you face opponents may make you expect the exact opposite action. Let your intuition dribbling, passing seek opportunities, or to see his teammates ..... you will try to predict the trend of the game, a rainy day, but the game is always a part of improvisation.

Nike: Turning control force and creativity, this kind of shoes you have any help?

INIESTA: This is my main equipment, wear it I will feel very comfortable playing; when I touch the ball, ready dribbling or passing, it makes me feel stable; a pair of comfortable shoes is very important for players, and I was so.

Nike: The shoes use a new color, a new design .....

INIESTA: I asked a lot of people have mentioned this. From the first time I try to fall in love with this pair of shoes. It feels very comfortable to wear. Each new shoes would bring me such feelings, but this one is particularly different. I feel very happy, keeping alert, foot feeling very good. I love so much.
